Grotesque or Wind God Mask (c.1880–1900)

£250.00

**Antique 14ct & 20ct Gold Stick Pin – Classical Grotesque or Wind God Mask  
(c.1880–1900)**

A striking antique stick pin featuring a finely cast head in 20ct gold, mounted on a 14ct gold twisted pin. The expressive face, with wide, pierced eyes, open mouth, and flowing hair, evokes a classical grotesque or wind god — possibly Aeolus — or a theatrical mask inspired by ancient drama.

The head is unusually characterful and rich in detail, and the use of high-carat gold suggests a piece of quality, likely made in Britain around 1880–1900. Professionally tested as 20ct (head) and 14ct (pin). Unmarked, as typical for the period.
