Vintage 9ct White Gold Diamond and Demantoid Ring

£350.00

Vintage 9ct White Gold Diamond and Demantoid Ring

An attractive vintage ring set with alternating bands of small white diamonds and vivid green demantoid garnets. The crossover design creates an elegant twisting profile, with the stones set in fine claws along the open shoulders.

Crafted in 9ct white gold, the shank is clearly stamped 9ct to the inner band.

Ring size: P ½ (UK)

Weight: 3.9 grams

Good vintage condition with light surface wear in keeping with age. Stones all present and well set.
