

Vintage 0.70 Carat Diamond 18ct White Gold Cluster Ring

£1,500.00

Vintage 0.70 Carat Diamond 18ct White Gold Cluster Ring

A fine vintage 18ct white gold diamond cluster ring, designed with an elegant square cluster head and diamond-set shoulders. The ring combines princess-cut and round brilliant-cut diamonds with delicate millegrain detailing, giving it a refined appearance with a subtle Art Deco influence.

The centre is set with four princess-cut diamonds, surrounded by a border of sixteen round brilliant-cut diamonds. The shoulders are each set with five further round brilliant-cut diamonds, creating a total diamond weight of approximately **0.70 carat**.

The ring is crafted in 18ct white gold, stamped **18K** and **0.70** to the inside of the shank. It remains in good pre-owned condition, with light wear consistent with age and use, including minor wear to the rhodium plating.
